❖ Academic profile :

During my research area in gang scheduling for multi-processor system, I have focused on multi-processor scheduling approach. In addition, I suggest new scheduling approach for multi-processor system which give good performance and can be applied for real time system. Moreover; I used the fuzzy logic as controller for this scheduling. Finally, I understood both the academic and technical fields.

Personal profile:

- Name: Hesham Yousef ALkarbshh.
- Nationality: Jordanian.
- Gender: Male.
- Marital Status: Single.
- Place of Birth: Jordan Amman.
- Date of Birth: 29,4,1985.
- Address: Jordan, Salt.

Qualifications:

- Master degree in "computer science" with rate of very good on 2011.
- B.Sc. Degree in "Computer Systems Engineering" from Balqa Applied University (BAU) with average (2.72 out of 4.00) points, with a rate of (good) on June-2007 .
- The General Secondary Education Certificate with a percentage average of "85.4".

❖ Professional Experience :

- Working as lecturer in the world Islamic sciences and education university (wise).
- Work with the entity green training center cooperation with International Relief and Development as lecturer for Information Technology class.

❖ **Training Course:**

- Computer maintenance course.
- CCNA training course.

❖ **Language :**

Language	Speaking	Writing	Reading
Arabic	Excellent	Excellent	Excellent
English	Excellent	Excellent	Excellent

❖ **Publications – International Journals Papers:**

1. "Fuzzy-Based Gang Scheduling Approach for Multiprocessor Systems" 2012
– 9th International Multi-Conference on Systems, Signals and Devices. by
Kasim M. Al-Aubidy, Khaldoon Batiha, & Hesham Y. Al-Kharbshh.
